## LANE CLOSURES

Due to masonry work on the Cornerstone Development, the City has approved two lane closures near the First Street and Lincoln Highway (IL 38) intersection. The closures will begin on March 6, 2018. The closures are listed below.

1. The lane nearest to the curb eastbound on Lincoln Highway will close near Walgreens and reopen just east of First Street past Cornerstone. Eastbound vehicles will have southbound access to First Street via the left lane.
2. The lane nearest to the curb northbound on First Street between Lincoln Highway (IL 38) and Franklin Street will close forcing traffic to one lane. The adjacent sidewalk will remain closed too.

The lane closures will continue through May 5, 2018. Closures will remain in place overnight. The City asks resident to proceed with caution. Surrounding local businesses will remain open during the closures.
