Press Release

October 12, 2019

DeKalb Police Announce Child Pornography Arrest Update

During the continuing investigation involving this incident on Wednesday, October 9th, 2019, a second search was conducted on a storage unit. The search started on 10/11/19, at about 4:50 pm. The unit is away from residential neighborhoods. While searching the storage unit, officers came across more materials that caused concern. The search was halted while the Kane County Sheriff's Office Bomb Squad (KCSO) and Federal Bureau of Investigations (FBI) responded to assist.

Upon their arrival, KCSO determined that the material was too dangerous to transport any significant distance. They also determined that the material needed to be destroyed.

The materials were transported to a remote area in DeKalb, where under the supervision of the DeKalb Police Department, FBI, DeKalb Fire Department, and the Kane County Bomb Squad, the materials were destroyed in a safe manner.

This investigation will continue and more updates will be forthcoming.
