DEMOLITION

BUILDING DEMO REQUIREMENTS	
>	Any work performed in the street or public right-of-way requires a Street Construction & Maintenance license. Contact our office for more information. 815-748-2070 An approved traffic control site plan from the City of DeKalb, City Engineer may also be required. City Engineer - 815-748-2331
>	Call J.U.L.I.E. prior to the start of project. J.U.L.I.E. - 800-892-0123
>	Provide letters of disconnect from Comed, Nicor and Kishwaukee Water Reclamation District.
>	For water service disconnects contact the City of DeKalb Water Department at 815-748-2050.
>	Provide a copy of phase I IEPA with postal date and documentation from a licensed environmental contractor declaring all abatement has been completed prior to the start of demolition.
>	Replace any City sidewalks and curbs damaged by trucking or excavating equipment or other circumstances attributable to the demolition work.
>	Fencing is required around the building being demolished.
>	Neighboring buildings may need to be protected with shielding to protect from falling debris during demo process.
>	If equipment staging is to be planned on IL Route 23 or IL Route 38, an IDOT highway permit from Permits Engineer at IDOT, 700 East Norris Drive, Ottawa, IL 601350 is required.
