

Disadvantaged Business Enterprises Directory

**Last Updated:
August 08, 2003**

I. Purpose

The Illinois Department of Transportation's (IDOT) Bureau of Small Business Enterprises (bureau) maintains the Disadvantaged Business Enterprises Directory (Directory) of certified Disadvantaged Business Enterprises (DBEs) for the purpose of providing a reference source to assist bidders in meeting the requirements of the Special Provision "Required Disadvantaged Business Participation." **Only those firms certified as of the letting date may be included in the DBE Utilization Plan submitted pursuant to the Special Provision.**

The Directory is available through IDOT's web site under "Doing Business" and "Small Business Enterprises." You have the choice of opening (viewing/printing) or downloading the Directory. Should you need assistance, please call IDOT's web master, Mr. Rod Nance, at 217.785.4090. As of January 1, 2000, IDOT discontinued the mailing of printed copies of the Directory. Those who need a printed copy must contact the Bureau of Small Business Enterprises at 217.782.5490.

II. Utilization of Disadvantaged Business Enterprises

The Directory lists the firms in alphabetical order, followed by the work categories and the district(s) of the state in which the firms have indicated they are available to perform. **It is the responsibility of the prime contractor to make his/her own determination regarding the capability and/or limitations of a DBE firm.**

III. Commercially Useful Function

DBE certification does not guarantee that a firm will be approved to participate toward a contract's DBE goal. For work performed by a DBE firm to count toward the goal, the firm must perform a commercially useful function. A DBE firm performs a "commercially useful function" when it is responsible for execution of a distinct element of the work, and carries out its responsibilities by actually performing (with its own workforce), managing, and supervising the work involved.

This Directory replaces all previous Directories

For additional information, contact the **Bureau of Small Business Enterprises, 2300 South Dirksen Parkway, Room 319, Springfield, Illinois 62764; (217) 782-5490.**
