

Downtown Resident Parking Permits

Downtown residents who reside in the area between First and Seventh St and between Oak and Grove St are eligible for a downtown parking permit. Residents who qualify for a parking permit can submit an application to the DeKalb Police Department. Proof of residency is required for residential parking permits. Preferred documentation includes a valid state issued ID or rental lease agreement. Permits are available for \$75. After September 1, passes are charged at \$7 a month for the remainder of the permit year. Permits are valid from August 1 until July 31. Residential permits are limited based on availability in each designated lot.

Residents with a red downtown permit can park in the highlighted lots above. Permit holders are to use the designated resident only parking spots.
